Advert Requirements

Please supply us with up to four graphics in good resolution for your advert. Most of the adverts are multiple pics, but we can use just 1 if you prefer. Multiple pics will be displayed one at a time, rotating.

Advert size should be 150x150 Pixels, and PNG,JPG or GIF formats are Please. Animated GIF files are good!

Please provide us with a URL to use to point users at your website, if available. Most advertisers use this option to bring additional customers to their websites.

If you have any questions or problems, please don't hesitate to contact us. We can assist with basic graphics and test if required, but it is your responsibility to provide the advert of the quality and content that you desire.

Please let us know if we can help.

The completed advert, and the completed advertising agreement should be emailed to editor@crew.org.nz to get your advert started.
